

The Mission

A forum for sharing knowledge, exchanging ideas and advising within the sensory science field

The Aims

- Promote collaborative studies, research and group discussions
- Organise conferences, workshops, educational seminars and training courses in the field of sensory analysis and consumer science
- Collect and spread information in sensory and consumer science
- Edit monographic and publish material
- Create a linkage with other national and international societies, local authorities, regional and local technical bodies
- Encourage collaboration and sharing within members and promote interchanges between academic and industry world

People in SISS

Established in 2002, the Italian Society of Sensory Science represents Universities, Public and Private Research Institutions, Scientific Foundations, Food Industries, Local Authorities and Service Companies

Benefits

- Links to the sensory world
- Reduced conference fees
- Information on job offers
- Access to SISS conference presentations
- Access to other members' website areas

To know more about SISS, for updates on the activity of the association, to talk with experts of sensory science, please visit us at
